THE RED CROSS

Everybody Should Be a Member of the Society.

Every person who becomes or continues to be a member of the Alberta division of the Canadian Red Cross when the call comes during the membership and finance campaign to be held from November 5 to 11, will be doing his or her part to help it carry on with greater effort and vigor its work for the improvement of health, the prevention of disease and mitigation of suffering. This is the peace program of the society and it has emerged from the pioneer work in this connection with an enviable record. The development of the work, as it should be, is now being hampered by lack of funds.

This is the reason that the organization is appealing for public support during the campaign next month. Every person in Alberta who is financially able to, should at least become a member of the society. Those who feel that they ought to do more will have an opportunity to make a donation over and above the regular membership fee during the week of the drive.

Any person who is familiar with the work that the society is doing in Alberta has nothing but the highest of commendation to offer and every one of these citizens are giving the organization all the help possible. It has done a wonderful work in care of sick and crippled children through the Junior Red Cross; in organizing nursing and medical service in pioneer districts; in promoting social service in cities; in organizing disaster and emergency preparation, and in many other ways that might be mentioned. Enroll a member and help this good work.

CHRISTMAS

Special Arrangements for Visit to Old Country

A visit to the Old Country is something that a great number of people are giving thought to at this season of the year, and many have already made plans to reach their friends in time for the Christmas and New Year season. Canadian Pacific steamships are deservedly popular for this trip and to give extra special accommodation for those who are going overseas this season, the Canadian Pacific Railway has arranged for a special train to connect with the S. S. "Montcalm" sailing from St. John, Tuesday, December 12th. Through tourist sleepers will be operated from Edmonton at 10.00 p.m. Thursday, Dec. 7th and from Calgary at 1.35 a.m. Friday, December 8th, making connection with this special train leaving Winnipeg 9.20 a.m. December 9th. Special tourist sleepers from Calgary, Edmonton, via regular trains will also be operated in connection with the sailings from St. John of the S. S. "Montrose" on December 1st; S. S. "Victorian" December 7th; S. S. "Melita" December 9th; S. S. "Metagama" December 15th. All these tourist sleepers run right to the ship's side—no changes, no inconvenience. They are the gang plank to the steamer.

SCHOOL FAIRS FOR 1923

An important conference of officials of the department of agriculture and the department of education, interested in the work of the Alberta school fairs, was held in the government buildings on Tuesday. The school fair movement has become very popular, and very substantial success attended this year's fairs. The conference discussed ways and means for improvements. There is complete co-operation between the two departments in encouraging expansion along the lines of education which is brought into prominence through the activities of the school fairs. The prize lists and circulars regarding the 1923 fairs will be issued and put in circulation before the end of the present year.

WONDERS NEVER CEASE

The wonderful success of the Family Herald and Weekly Star of Montreal has been more marked year by year continuously for half a century. There are households literally by tens of thousands all over Canada where for thirty, forty and fifty years the Family Herald has not only been a welcome weekly guest, but one indispensable to the home life. The success of the Family Herald of Montreal has been so conspicuous and so overwhelming that Publishers everywhere refer to it as a phenomenal journal. The price of subscription to it looks ridiculously small when the wonderful contents of the paper are considered. Those who do not know it can, we understand, have a sample copy free by writing to its Publishers, Montreal.

The increased tariff imposed by the United States has had the result of decreasing the price of grain across the line. The question arises now, could a wheat board have made the price of wheat higher in Canada than in the United States.

TEACHERS MEET

One Day Institute Held on Friday in Vulcan.

School teachers of the Vulcan district to the number of thirty-four, met in a one-day institute at the Union church, Vulcan, on Friday last.

In the forenoon, after registration, an interesting and instructive paper on "Composition for the Lower Grades" was read by Mrs. D. G. MacLaren, of Brant. This was followed by a thorough discussion of problems raised by the paper and of other difficulties met with in the general school work.

In the afternoon, Mrs. J. W. Cain, of Champion, gave a splendid paper on "Seat Work for the Lower Grades." This was a very suggestive discussion of the subject and should afford considerable help to teachers of heavy rural schools.

Miss Lucy G. Fair, of the Vulcan schools then taught a "Model Lesson in Primary Reading" to a class of children from her own room. This proved a very interesting and practical departure from the more theoretical discussions and was thoroughly enjoyed by all.

The remainder of the afternoon was spent in a general discussion of all problems and questions that any teachers that this was a very helpful to be the general opinion of all the teacher that this was a very helpful type of convention and voted that it be continued another year.

FIRE CASES

Prosecution of Prominent Citizens Creates Comment

The case in the police court reported last week concerning charges laid against two farmers for kindling a fire unlawfully on their land has aroused some comment, and we have made inquiry into the matter and the following facts have come to light. The charge was laid by the A. P. P. under "The Prairie Fires Ordinance," section 4 of which reads, "No person shall directly or indirectly, personally or by any servant, agent or employee kindle on any land a fire for the purpose of guarding property, burning stubble or brush or clearing land unless the land on which the fire is started is, at the time it is started, completely surrounded by a fire guard not less than twenty feet in width consisting of land covered with snow or water or so worn, graded, plowed, burned over or covered with water as to be free of inflammable matter, and any person kindling a fire for such purpose shall during the whole period of its continuance cause it to be guarded by three adult persons provided with proper appliances for extinguishing prairie fire." The penalty for contravention of this section to be a penalty not to exceed \$100.

The legislative assembly on March 28th this year added to the said ordinance section, which reads, "During the period from fifteenth day of April to the fifteenth day of November (both days inclusive) no person shall set out fire in a fire district except under circumstances and subject to the conditions prescribed by the lieutenant-governor in council."

Section 10, sub. sec. 3, now reads: "The council of every municipal district shall at its first meeting each year appoint for each division of the district from among the resident taxpayers thereof a fire guardian." This clearly points out that each municipal district is a fire district, it therefore behooves any farmer desirous of kindling a fire to burn straw stacks or destroy weeds to make application to the A. P. P. force stationed here, who will supply the necessary permit making clear to each applicant the duties involved by securing a permit. We understand no charge is made for receiving the application or making out the permit. This article is published in view of the fact that the A. P. P. here intend to prosecute any offenders.

Latest information is the provisions of Section 4 are not to be enforced.

E. J. GARLAND, M.P.

Local Member of Commons Speaks at Vulcan.

It is a good idea to consult your constituents. It is likewise a good thing to give an account of yourself. This is just what Mr. Garland is doing, and from the meeting held here on Thursday last and the reports from elsewhere, we judge that this is being done with entire satisfaction.

His address was a resume of the doings of parliament and the political parties in parliament, and particularly of the moves made by the Progressives and his own actions in connection with legislation. He dealt mainly with the questions of wheat board and freight rates, and following his address he answered satisfactorily many questions presented by the audience, and altogether it was just such a meeting as will put the representative right with the people.

DIST. CONFERENCE

Women's Institutes of Little Bow Meet at Vulcan.

The Women's Institutes of the Little Bow constituency gave to Vulcan on Wednesday of last week a convention of importance and some magnitude, there being an attendance of between two and three hundred. The importance of the event can be gauged by the fact that it was the review of the work of some ten or twelve branches, which includes everything from making a quilt to attending to matters of state government.

The delegates were received by Mrs. F. L. Simington, president of the Vulcan institute, on behalf of the local branches whose guests they were, and extended a cordial welcome which was shared by the civic officials and our citizens.

It was a big day in town. Vulcan has been having some big events of late, and this was no exception. This constituency assembly—and the more than two hundred were all women. It was a pleasure to the town to have them here, and it is hoped that it was a pleasure and a profit to them to be here.

The sessions of the conference were held in the Odd Fellows' hall, just the properly equipped place for such an event. Mrs. Beaubier, of Champion, presided and Mrs. Cooper, of Barons, was secretary. Mrs. Hurlburt of Carmangay replied to the address of welcome. The minutes of the last conference were read and adopted, and the financial statement, which showed a cash balance, was also adopted.

The reading of the reports of the several branches was the chief business of the morning session. These covered the several and widely varied activities of the branches and were presented for Monarch by Mrs. Pelcher, Barons by Mrs. Roberts, Golden Rule by Mrs. Glenn, Champion by Mrs. Ulrich, Kirkcaldy by Mrs. Hagerman, Carmangay by Mrs. Hurlburt, Redland View by Mrs. Doane, Reid Hill by Mrs. Clifford, Brant by Mrs. Heckle, and Vulcan by Mrs. Marshall.

Adjournment was made at noon to the dining room, where lunch was served, and we have it from some of the visitors that the lunch was exceedingly good.

The following officers for the ensuing year were elected: Constituency convener, Mrs. Alcock, Champion; constituency chairmen (Canadianization and national events), Mrs. Freeman, Barons; publicity, Mrs. Cooper, Barons; agriculture, Mrs. Doane, Redland View; legislation, Mrs. Martin, Vulcan; emigration, Mrs. Volsey, Golden Rule; household economics, Mrs. Boose, Kirkcaldy; public health and child welfare, Mrs. (Dr.) Myers, Carmangay; education and better schools, Mrs. Kennedy, Golden Rule.

Mrs. McKay, who was introduced to the meeting as a pioneer convener delivered a brief address, and was followed by Mrs. Hughes, of Cavendish, district director, who delivered an address on the subject, "Health an Education of Our Children." This address was the feature of the conference, and it was an interesting, instructive and comprehensive discussion of this very important subject, presented in an entertaining and convincing manner. It gave to the mothers and others present many lines of argument for consideration in connection with the accomplishment of the health and education of the child. It was certainly a fine address.

The retiring officers were tendered a vote of thanks, and Carmangay was selected as the place of meeting in the next constituency conference.

LADY CURLERS

Vulcan Club Organizes for Coming Season.

Mrs. A. J. Flood, president, presided at a meeting of the Vulcan Ladies' Curling club, held on Tuesday evening last. There were two score or more present and the election of skips resulted in the selection of Mrs. Flood, Mrs. Journey, Miss Wylie, Mrs. LeBow, Miss Carter, Mrs. Ober, Mrs. Loiselle and Mrs. Beardsley. The club made a fine showing last year, at home and abroad, and at the provincial bonspiel, and there is an ambition to maintain the record, and with the prospect of a fine new rink, there is increased interest. There is also increased expense, and it was decided to hold a dance to raise funds to meet the extra demand. Mrs. Ober, the secretary, is desirous of receiving before November 1st the names of all ladies who desire and intend to curl this season.

CONSISTENT TO THE LAST

The great banker lay on his deathbed. Many friends gathered about his bed. The attending physician whispered, "I fear he is nearing the Great Divide."

"Tell them not to divide till I get there," whispered the dying man.

LOCAL ITEMS

Mr. R. Robson was a visitor to Calgary Tuesday on business.

Mr. Clendenning was a business visitor to Calgary on Monday.

Mr. and Mrs. L. H. Stack returned from Calgary on Tuesday.

Miss Dorothy McQueen spent the week-end in town with her parents.

Miss Loder, of Calgary, spent the week-end in town the guest of Miss Bertha Mutz.

Mrs. W. H. Scott left on Monday evening for Calgary, where she will visit with friends.

Mr. E. Depoe left on Tuesday evening for Coeur d'Alene, Idaho. He was accompanied by his mother, Mrs. H. Adams.

Mr. Joe Manley, of the Red Cross district, left for Chicago on Monday, where he intends to take a course in electrical engineering.

Mrs. O. A. Craig and children have returned from an extended stay in the East, and many friends rejoice also in the return of Mrs. Craig to good health.

Mr. and Mrs. Mervin Kehr left on Saturday for Liberty, Saskatchewan.

Mr. E. G. Hume left Wednesday for Seattle, where he will spend the winter months.

Mr. and Mrs. M. Rutten, who have been visiting in Vulcan and district with old friends, left for their home at Coeur d'Alene, Idaho, on Wednesday evening.

A good time is assured you if you attend the big masquerade dance to be held on Tuesday, October 31. Ober's five-piece orchestra will be in attendance.

Messrs. Dyce Allan, L. J. Stewart and W. E. Butchart formed a shooting party and motored west of High River on Monday. They report that shooting in that district is splendid.

There will be an Armistice day commemorative service held here on Monday, November 6. The Vulcan band will take part. Watch for particulars in next week's issue.

Advance announcements regarding Alberta's representation after the passing of the new redistribution bill at Ottawa, is that we will have sixteen members of the House of Commons instead of twelve.

Spooner, the men's man, is having a close-out sale of clothing and furnishings, and the mail will bring you a bill that has the prices and details of hundreds of bargains. We printed the bill and Spooner will do the rest.

A meeting of the executive of the Vulcan and district school fair was held on Saturday, and it was decided to hold the annual meeting on Saturday, November 18. All those who are interested are requested to be present.

McPherson Bros., who have started in the hardware business in Medicine Hat and Vulcan and later closed out and opened a store in Red Deer, announce their intention of going out of business in the latter place in November.

W. D. Ransom of Nanton had his left hand and forearm severely hurt Tuesday afternoon, while working around his threshing machine. His hand and the muscles of his arm were torn and bruised, but not permanently injured, although very painful.

Preparation for the construction of the proposed new rink goes on a pace. Practically unanimous support of the by-law necessary has been secured from the ratepayers by signature. Plans, or rather, a sketch of the buildings have been received, and these look might good to all who have seen them. The council had a meeting recently and will meet again in the near future to further the proposition. Time is necessary to such an undertaking but no more time is being taken than is necessary. Estimates as to cost of material and labor are being prepared, and everything is progressing.

"Dad" Fletcher, one of the big farmers in the Brant district, has completed threshing operations for this season. He had 43,000 bushels of grain this year and up till last week has sold over 20,000 bushels of his wheat, which was all of a splendid variety. Mr. Fletcher has extensive holdings here and for his seed needs he must keep a large supply for next spring, besides what he will require for feed purposes this fall and coming winter.

The fact that this town possesses a lodge of the Theosophical society gave to Vulcan a real privilege, that of hearing lectures by Mr. Roy Mitchell, who is fluent and learned of his subject. Those who attended the lectures on Monday and Tuesday nights had Theosophy presented to them by one who has the splendid faculty of making his address interesting and understood. Though the subject might be new to many and the ideas not acceptable to others, there was real pleasure to them in his oratory, and indeed much for consideration in his arguments. Every man with the ability of Mr. Mitchell ought to be heard with profit by everybody, and his lectures in Vulcan were a real treat.

LOCAL ITEMS

Mr. H. J. Mahen was a business visitor to Calgary on Monday.

Mr. W. McCutcheon, of Nanton, was a business visitor in town on Friday.

Mr. Glen House returned Monday evening from Calgary, where he spent the week-end.

Miss O. Middleton, who now resides in Calgary, spent the week-end here with her parents.

Mr. J. R. Noringer left last week for Calgary, where he will reside for the winter.

Nearly every persons in Vulcan will surely be wearing a poppy on Armistice day—or they ought to.

Mr. R. L. King and family, of Lomond were visitors in town on Sunday, the guests of Mr. and Mrs. F. Anderson.

Mr. Collier has purchased the house and property just south of the General Service Garage, and will in a short time occupy the premises.

There will be a bazaar, under the auspices of the Ladies' Aid of the Union church, in the Odd Fellows hall on Saturday, November 11, Armistice day.

In your calculations make provision for attending the "Armistice" dance, to be given by the Rebekahs, on November 10. You know the good time they give you.

Local business people have done their bit to boost the band by donating excellent prizes for costumes, and it is up to us to support an organization which readily reciprocates a good turn.

You have seen the bills for the Citizens' band hallowe'en party. We printed them. They convey to you the information concerning an opportunity for a dance and a good time, with plenty of nice eats, and all for six bits each.

Master Willie Butchart now has a wireless set, and he made it all himself. He is commencing to take radio like the rest, and tells us of the concerts and other things coming in from the Herald and the Albertan and elsewhere.

Rev. J. H. Faulkner, the new pastor of the Baptist church at Reid Hill, was a caller last week at the Advocate office, and we were glad to make the acquaintance of the gentleman, and trust that his work on his new charge will be successful.

We are not permitted to forget the Vulcan school fair. This week we print the letter of appreciation of a country parent who enjoyed the preparations made by the committee for the convenience of the visitors, and there has been much demand for papers containing the prize lists.

Mr. D. C. Jones has erected a lofty aerial at his residence and will have radio at his home and his store, and Mr. Ober is every now and then picking up something new, and the other day transmitted for the Advocate man a message to a friend of ours in Stockton, California.

The regular monthly meeting of the Vulcan Women's Institute will be held at the home of Mrs. Jenniejohn on Friday, November 3. Mrs. Martin will give a paper on "One of Our Canadian Heroines." Important business will be discussed and settled, and a good attendance of members and friends of the institute is requested.

The pleasure of the good old days was revived at a quilting bee held recently by Mrs. Nettie Somerville and Mrs. L. C. Somerville, near Parkland, in honor of Mrs. Gordon Hanna, of Vulcan, and the quilt they made was presented to the guest of the occasion. It was a pleasing event and created the desire for more of the real old-fashioned bees.

The daily papers of recent date carry dispatches announcing the death of John A. McDonald at Invermere, B. C. Deceased was found dead in his shack, and the supposition is that he died by his own hand. He is well known in Vulcan, having homesteaded a short distance from town in 1905, and remained a resident for some years later. He was a nephew of Sir William McDonald.

Our attention has been directed to a near accident, and we are requested to give the warning that this mention will carry. A number of our lads ride bikes, and they do it splendidly, and herein lies the danger. They ride in groups, and dart in here and out there, and one of the number the other day miraculously escaped a collision with a car. A word to the boys is sufficient.

The R. Thomas & Co. stock of dry goods and store fixtures have been purchased jointly by two local firms, J. Naismith & Co. and Buck & Howson, and a big sale of the goods has already been announced by big posters, carrying the message of an opportunity to purchase at prices that are lower than wheat at fifty cents a bushel. A perusal of the prices will be good business for everybody. And incidentally we direct your attention to the size of the bill and its excellence as the product of The Advocate print shop.

ESTABLISHED 1872

THE VULCAN ADVOCATE

VULCAN, ALBERTA

A USELESS WEAPON

We see that New Zealand has passed a law making it an offence for any person to be in possession of any firearms, ammunition, explosives or dangerous weapons, except for some lawful, proper and sufficient purpose, and the burden of proving the existence of such a purpose in any case is upon the licensee. Only a licensed dealer is permitted to import ammunition, firearms or explosives into that country and to do so a permit must be obtained from the government. All persons who have possession of firearms must register the same. Particular reference is made to revolvers and it is said that as a result of the restrictions regarding the carrying of revolvers the list of murders in that country has been reduced to a minimum. Canada should pass similar legislation, and the revolver should be absolutely barred. As a defensive weapon it is useless and very frequently it is the means of murder in the hands of an excitable person. The manufacture of revolvers should be prohibited by the federal government and no time should be lost in the passing of such legislation.

ARE YOU A BOOSTER

Everybody should be a community builder, not a wrecker. The element in control in a neighborhood has much to do in setting the tone or pace of the people. This is true in all the realms, educationally, religiously, industrially, morally. We are moulded and fashioned largely by what others do, especially if they hold the confidence of folk. High standards are surely important, if this is true and a straight-forward course that wears all the year round should be sought. Pure gold shines all the brighter by being rubbed against. Are we lifters or leavers in our community.

NOTES AND COMMENTS

The new skirt is going to cover a multitude of shins.

Lloyd George may not be any good, but there is no one available in Britain to take his place.

Prince Edward Island will take a vote on the prohibition of the import of alcoholic liquors early next year. Lloyd George before resigning dealt

a solar plexus to a few of the Conservative diards and particularly to Lord Gladstone, whom he described as a "pigmy strutting around in the garb of a giant."

An exchange says the dominion government now consists of and is supported by men who five years ago demanded the conscription of wealth, and the suggestion is offered to carry their old ideas into effect.

The increased tariff imposed by the United States has had the result of decreasing the price of grain across the line. The question arises now, could a wheat board have made the price of wheat higher in Canada than in the United States.

An anonymous letter criticizing an Ontario paper for its attitude on the Ontario Temperance Act was enclosed in a copy of the Sunday School Times covered by a wrapper bearing a one-cent stamp, which is a clear violation of the postal laws, but in line with the Temperance Act.

Motorists are being urged by the Ontario Safety League to become members of the newly organized Safe Drivers' Club in the interests of careful driving. A circular sent out by the league emphasizes the fact that during the first half of 1922 50 per cent. more people were killed in automobile accidents in Ontario than for the same period in 1921.

ANOTHER HEAD TAX

Canadian girls who become the wives of American citizens must now obtain their own naturalization papers if they wish to enjoy the rights of American citizenship. Up to September 22 of this year marriage to an American citizen automatically carried the rights of citizenship to the bride, but the department of state of the United States is now notifying all United States consuls in Canada of the changed order of things. Under this ruling if an American citizen should come here for instance, and marry one of the charming girls of this town, with the intention of taking her back with him to the home in the United States, he would be forced to pay a head tax of \$8 on his bride before the immigration authorities would permit her to cross the border.

STRENGTH OF OUR DOLLAR

Various reasons are quoted for the fact that the American dollar has been at a discount in Canada, but the one which is mostly attributable, according to banking officials and financiers, is general prosperity in Canada. It was thought that the market had been engendered and the American dollar forced below par, but this is refuted by exchange brokers as being an impossibility, owing to the strength of the American banks. It is also said that the new American tariff might have had something to do with the exchange. The present grain movements and huge tourist traffic have a bearing on the fluctuations of the American exchange as also has the Canadian borrowings in New York.

PROVINCIAL SAVINGS BANK

Since its establishment a little over two years ago the Provincial Government Savings Bank, with two branches in Winnipeg, has made rapid progress and today there are more than 10,000 depositors with deposits totalling \$4,200,000. On the date of its first anniversary it had deposits amounting to \$2,650,000, while the number of actual accounts was 6,300. Since that time deposits have increased at the rate of approximately 450 a month.

Come to think about it, this would not be a bad time to start in on those Christmas presents, would it?

The electors of Rhodesia are voting on the question as to whether they will enter the Union of South Africa or have responsible self government. The whole country is stirred to its depth over the issue and both sides are hopeful of success.

Advance announcements regarding Alberta's representation after the passing of the new redistribution bill at Ottawa, is that we will have sixteen members of the House of Commons instead of twelve.

In acting as mediators between the city of Calgary and the Canadian Western Natural Gas Co., and effecting a settlement of the long drawn out fight between these two bodies, the Alberta government has rendered a sensible and efficient service.

The suggestion has been made that a suitable punishment to convicted bootleggers would be besides the present penalty that they be made to drink a draught of their own home brew. We believe the suggestion is being seriously considered by the Alberta Liquor Act officials.

Settlers in Saskatchewan and Alberta who have experienced repeated crop failures are to be allowed to take up further free homesteads in other districts, where the prospects for an adequate return for their labors seem more assured, under the terms of an order-in-council approved and made public today. Relations under which re-entry may be made are set out in the order.

Farmers in this locality will have an excellent opportunity of boosting the district by making a proper selection of their grains and entering the exhibits at Chicago International Exposition, which is to be held December 2 to 9. So far, the grain received at our elevators has been of No. 1 variety, weighing from 62 to 66 pounds per bushel measure and the color is perfect. We sincerely trust that many exhibits will be made from here to show exhibitors at Chicago that Alberta can beat the continent in the matter of producing good seed grain.

NEWSPAPER COMMENT

Toronto Saturday Night: If the order of the United States attorney general to the effect that all vessels entering American ports shall be "dry," is upheld by the courts, which no doubt will be appealed to, there will be boom days in Canadian ports. The average traveller will not take passage on a "dry" ship if it can be avoided, and no one knows this better than the United States Shipping Board, which in spite of the Volstead Act has up to now kept taverns on board Uncle Sam's ships. The effect of this "dry" ruling which pertains to all shipping entering U. S. ports, if upheld, will mean that much traffic will be diverted to Canadian ports, such for instance as Vancouver instead of Seattle and Portland, Montreal and Quebec in summer in place of the United States Atlantic ports, while no doubt St. John and Halifax will also enjoy increased traffic from its ports during the winter months. Without question many British passenger ships that now sail from the port of New York will divert to Canadian ports if the ruling holds good so far as they are concerned but there is an international question involved, which is not unlike the abortive attempt to search foreign shipping within the U. S. three mile limit, which was tried and then abandoned. A vessel of British register and flying the British flag is still British in spite of the fact that it may be tied up to a wharf in one of Uncle Sam's ports. However, after the samples we have had of governmental regulations in the United States one is quite justified in believing most anything can happen.

Kincardine Review: The Toronto Star had a dispatch stating that five patients walked barefooted from the hospital at Halleybury to a stable where they were attended to by a nurse who fortunately carried a bottle of brandy with her. The Review last week pointed out to the Star, which is a determined protagonist of the Ontario Temperance Act that this was a violation of the Act and this is the way the star comes back:

"The Kincardine Review has a lively imagination, and has been using it. A nurse in a hospital has a perfect right under the O. T. A. to make medicinal use of alcohol. And so long as she acted in a professional capacity, whether in a hospital, a stable or a public highway she would be in little danger of prosecution, let alone conviction, for carrying brandy."

Everything the Star says in this paragraph is correct. A nurse in a hospital has a perfect right under the O. T. A. to make medicinal use of alcohol, but it is a violation of the law to transport liquor from a legal place to an illegal one. It is legal to have liquor in a hospital. It is illegal to have it in a stable. The second sentence in the Star's defense no one can quarrel with. At any rate we should hope there is little danger of prosecution in such a case, but if

The Greenfield government has created its first king's councillor. It did this courageously without taking the advice of the bench or bar. The new K.C. which the lieutenant-governor, on the advice of the government, has appointed is John E. Brownlee, attorney general.

The annual provincial poultry show will be held in Edmonton on January 15th to 19th, 1923. The show will be under the management of W. J. Stark, manager of the Edmonton exhibition.

The following judges have been selected: Richard Oke, London, Ont.; G. G. Henderson, Hamilton; George Woods, Winnipeg; Jos. Shackleton, Edmonton; W. Stonehouse, Vancouver; I. H. Emerson, Lethbridge F. S. Bailey, Calgary.

When the Volunteer Worker Asks "Will You Join the Red Cross" Can You Answer No?

Have Your Dollar Ready. Join With a Smile. Your Red Cross Needs You.

It is your privilege as men and women—it is your duty as citizens

TO JOIN THE RED CROSS

The Red Cross knows neither race, creed nor boundary. It stands for the brotherhood of humanity—it is the universal emblem of Mercy.

ALBERTA NEEDS RED CROSS AS NEVER BEFORE

To relieve suffering, to aid sick, to care for soldiers and dependent—to cope with disaster and be ready for emergencies—to promote good health and better living conditions—to extend the work of establishing rural hospital and nursing services—to care for blind, crippled and suffering children.

EVERY CHILD SHOULD BE A MEMBER OF THE JUNIOR RED CROSS

Every dollar subscribed to the Junior Red Cross is used to help and care for helpless cripples, blind and disabled children.—Let your little son and daughter proudly point to their Red Cross membership button. Junior membership Twenty-five Cents.

YOUR DUTY IS PLAIN, YOU CAN NOT REFUSE

MEMBERSHIP \$1.00

If by chance the volunteers overlook you, send in your subscription to:

The Provincial Secretary, Red Cross, Calgary.

Receipt and membership button will be forwarded to you.

Enrolment Week, November 5th to 12th. A Crusade for Good Health

Sale now in Full Blast at R. Thomas & Co. Old Stand, Reeves' Block, Vulcan.

ITEMS OF INTEREST

The first Canadian wheat ever shipped to the mills at Shanghai, China, has just left Vancouver. The consignment consisted of 3,000 tons.

Charley Wickstrom of Parkland has a famous cow that is paying her way these hard times, having produced eight healthy calves in four successive years.

White foxes are very plentiful in the far north this year, according to Inspector S. T. Wood, in charge of the Arctic division of the Royal Canadian Mounted Police, and prospects are altogether bright for the trapping season.

The first two readings of the by-law to issue debentures for \$16,000 to build and equip a public hall, and appointing November 11th as the date for taking a vote of the ratepayers was the principal feature of the council meeting held at Nanton recently.

Another discovery of iron ore is reported from the north country, this time from Hudson's Hope in the Peace River Block. The mineral resources of the north will one day make Alberta a "hive of industry" and will help Canada meet her financial obligations.

With oil developments in Northern Montana now being undertaken on a wide scale, various American companies are taking steps to secure extensive leases on the Canadian side of the line. One concern has obtained 34,000 acres in Southern Alberta, and others are considering the leasing of such substantial acreages.

Town taxes amounting to \$5,910.58 were paid by the 15th inst. at Nanton in time to take the benefit of the 5 per cent. discount for prompt payment. This represents a little more than 63 per cent. of the total town tax levy of \$9,369.50. This shows a healthy spirit among the citizens of Nanton.

We just read in the Oshawa Telegram that if a pair of flies were left unmolested for three months there would be 63 tons of flies. Whereupon we reached for our weapon and knocked four of them galley west, thereby assassinating 126 tons of flies that would be ready to crawl on our Christmas pudding.—Petroliia Topic.

It is reported that R. C. Harvey, a large sheep rancher in this district, who was successful in his experiment of feeding sheep on screenings at the elevators in Fort William last winter, will undertake to ship about 10,000 sheep from this district to Fort William again this winter for feeding, and other sheep ranchers are said to be contemplating following his example.

Large herds of wood-buffalo are roaming in the Slave river region, according to Fred V. Seibert, of the Dominion Survey Branch, who has just returned from an exploration trip of a large tract of practically unknown country west of the Slave River. Mr. Seibert says that all indications are that they are yearly increasing in number.

The Provincial Government announces that American capital has been secured to open and develop the Butterfield iron ore deposits discovered about a year ago on the shores of Lake Athabasca. If iron ore is found in Alberta in large quantities, this, together with the proximity of coal, would presage a steel industry for the future.

Canada's exports of fresh apples to Great Britain last year amounting to 1,272,523 barrels, were more than double the quantity sent to that market in either of the two preceding years. The Dominion also supplied Great Britain in 1921 with 1,112,885 pounds of dried apples, over half a million dollars' worth of canned or preserved fruits, and nearly three million dollars' worth of canned vegetables.

A new industry—that of the sale of coniferous seeds—is being tested out in the province and promises to mean a good deal, both for British Columbia and for the deforested areas of Europe. A large quantity of Douglas Fir and Sitka spruce is being inspected and prepared for shipment to France at the present time. If the cones show promise when planted and germinated in French forest areas, it is said that a large demand will be made for shipments of cones.

One of the greatest drives in the history of the Eau Claire Lumber company, of Calgary, has just been brought to a successful conclusion by the driving of 5,000,000 feet of spruce logs, sixty-five miles down the Bow river from Ghost river, where the logging operations of the company are at the present time conducted. The saw mills of this company are turning out finished lumber at the rate of 50,000 feet a day, and there is already a stock of something like 6,000,000 feet of dressed lumber on hand in the yards.

The agricultural schools of this province will be opened for the winter course on October 31st. The enrollment of pupils is progressing and it is expected that there will be an increase in attendance over 1921. On the 17th and 18th the principals of the different schools, S. H. Gandier, of Vermilion, F. S. Grisdale, of Oids, J. C. Hooper, of Claresholm, and O. S. Longman, of Raymond, were in Edmonton and attended a conference, at which the work of the schools and plans for the winter session were discussed with departmental officials. H. A. Craig, deputy minister of agriculture, and J. G. Ross, deputy minister of education, attended the meeting.

Serious property loss and the loss of one life is recorded in the forest of Edmonton. Every man in the district that raged last week northwest was called out to assist in fire-fighting.

KOREEN HAIR RESTORER

FOR SALE AT ALL DRUG STORES

The provincial poultry branch in connection with the department of agriculture, is making a shipment of two carloads of Alberta eggs to London, England. There are indications that the London market may furnish an outlet for some of Alberta's surplus poultry products.

RED CROSS

Miss Stella Dewie, Vulcan, was a week-end visitor at Mr. A. J. Clayton's.

Mr. and Mrs. Williams, Ensign, and Mrs. Mahon visited Red Cross friends on Sunday.

Mrs. Speer's mother, Mrs. Bur, who died in Calgary, was buried in the Highland cemetery last week.

A goodly number of Red Cross young people attended the dance Friday evening at Ensign and report a splendid time.

The entertainment furnished by the Vulcan and Golden Rule institutes left nothing to be desired and was greatly appreciated by everybody, as was also the music and recitation.

This district was well represented at the institute conference at Vulcan on the 18th. Most of the time was taken up with routine business, which is rather tiresome, but which nevertheless must be transacted.

Red Cross is to have the privilege of listening to a returned missionary, Miss Gay, from Shanghai, China, next Sunday afternoon, October 29. This is a chance no one should miss, 8:30 o'clock, Red Cross school, October 29.

Have you noticed that the field mice are not nearly so plentiful this year? One young man suggests that the farmers rake up the last kernel of their meagre crops and the poor wee mice starve. The cats will be the next victims of these poor years.

Mrs. Ward arrived recently from Nebraska and is with her daughter, Mrs. C. H. Kelley. Miss Lizzie Williams, of Ensign, and Mr. and Mrs. J. A. Kelley, Brant, are also with Mrs. Kelley helping with the threshing, which is almost completed. Master Gerald Kelley is visiting relatives in Spring Coulee.

We have read with interest the prize list of the school fair and decided that every boy and girl got at least one prize. Too much praise cannot be given the secretary-treasurer, Mr. R. L. Elves, and his faithful helpers for the grand success of the fair. When we think it over it seems that the reason for the unqualified success was co-operation.

Mr. Ed Lane left last Wednesday for an overland (not in an Overland) trip to Spring Coulee, where he has rented a section of land from his aunt, Mrs. Clara C. Thompson. The family will move probably early next month when Mr. Lane returns. High school advantages within a mile and a half of home is one reason for leaving a fine community and the best of neighbors and friends.

Last Sunday Rev. Mr. Brunton gave us a fine address on David's question about Absalom, "Is the young man safe?" Mr. Brunton said, "No, the young man is not safe if he drinks intoxicating liquor; not if he gambles; not if he desecrates the Sabbath day; not if he is out of Christ." He spoke of the drink evil, and the awful hold gambling is getting on the young men today. And he gave us a new thought on the Sabbath desecration question. He said the fourth commandment was every bit as important as the sixth or the eighth or any other. We seem to forget that.

So far as we have been able to ascertain, Mr. Alvie Fulton has the honor of owning the land yielding the heaviest crop this year. And the funny thing is the stubble was one bushel better than the summerfallow, the latter being 25 bushels, the former 26 bushels; that is wheat. Mr. Fulton's (Alvie) oats made 70 bushels. Mr. M. C. Dunham says he had a small piece of oats that went 70 bushels. Probably there are others. Wheat in this district averaged around 15 bushels. The people north and west of town are glad to see the elevator road open again, even if the grain is mostly all in town, what has not gone to Ensign. The owner of that strip of land would have a good many more friends today if that road had not been closed this summer. Perhaps dollars matter more to him than friends. He will likely see his mistake some day.

HEARNLEIGH NEWS

An impromptu concert was held at the Berrywater school on Friday evening, October 13, in honor of the children and Miss Gilhooly, the teacher. Mr. D. B. Sims, chairman of the board, took the chair. The program consisted of musical numbers, songs and recitations and the children of the school gave their prize song and yell. Miss Beverly Bice delivered her prize speech and Miss Myrtle read her prize essay. At the conclusion of the program Mr. Donald Sinclair, reeve of the municipality, presented the shield, won at the fair, to the school, and made a few appropriate remarks in connection therewith. The supper was very thoughtfully provided by the various ladies of the locality and after partaking of which, dancing was indulged in. The following ladies and gentlemen kindly helped with the program and dance: Mesdames J. Baden, L. A. Douglass, Campbell and Messrs. Campbell, Johnson and Hall.

On Wednesday evening, October 18, Mr. Garland, M.P.P. for the federal riding of Bow river, addressed quite a large crowd of the Hearnleigh and Kirkaldy residents in the Berrywater school. Mr. Garland, who is a lucid and unaffected speaker, in the fore part of his speech outlined his first impressions of Ottawa, the parliament buildings and the opening of parliament. Passing on to more serious things, he took up in turn and reviewed the work of the Progressives dealing with their stand on the Crows

Nest Pass agreement, the immigration policy, the wheat board, Mr. Cribar and the Progressives relative to amalgamation and the attitude, or rather apathy of the east towards western problems. In conclusion he called for questions and also expressions of opinions on continuing the fight for a wheat board, and it was carried unanimously to continue the fight. He thereupon emphasized the fact that to get this wheat board legislation, the west must back up their members in every conceivable way: with letters, resolutions and telegrams, etc., so that when the fight is on once more they can say "here is the evidence of the wishes of the west." At the conclusion of the meeting a resolution was put and carried, commending Mr. Garland and his fellow Progressives for the stand they took against amalgamation of the Progressives with the Liberal party, also a hearty vote of thanks to Mr. Garland for his speech. The executive took this opportunity of thanking the ladies who helped with the program and provided the lunch.

BRANT NEWS

Miss Sibine Olsen was visiting home folks Sunday last.

Miss Mary Parker was a Vulcan visitor Friday last.

Mrs. S. Betchel and son Ralph motored to Blackie Saturday.

No man lives a useless life. He may serve as an example for others to avoid.

Mrs. W. E. Shultz was calling at the home of Mrs. S. Betchel Friday afternoon.

With some people religion is merely a kind of rabbit's foot to keep away bad luck.

Clyde Roach and family of Black Diamond were seen in the Brant district Friday last.

Frank Heckle's big sale, which was held October 21, was well attended, and everything sold well.

The U. F. W. A. held their monthly meeting at the home of Mrs. Thomas Platt on Saturday, October 21.

There was no school on Friday, October 20, as both teachers went to the teachers' convention held at Vulcan.

Dick Williams and Blaine Parker returned today, Monday, with their cattle. The stock are all in good shape.

Messrs. T. J. Parker and L. J. St. Clair left for the foothills Saturday, October 21, to bring home their horses and cattle.

Mrs. E. J. Donnelly and little Miss Mildred were calling on Mrs. Percy Dougherty at the Green ranch Friday afternoon.

Little Master Jack Edwards has been spending the week with his grand-parents, Mr. and Mrs. John Eversman.

T. Johns and daughter, Dorothy, motored to High River Sunday to see the new babies. Dorothy's busy day will soon be here.

Born, Tuesday, October 17, to Mr. and Mrs. Thos. Johns at the High River municipal hospital, twin babies, a boy and a girl.

Mrs. Emma Carey spent a few days with her sister, Mrs. McColman, and family. Mrs. Carey returned to Calgary Friday evening.

Mesdames Joe and Frank Heckle and Neil McColman attended the Women's Institute convention held in Vulcan Wednesday, October 18.

Mr. and Mrs. Jack Edwards of Chancellor were visiting Mrs. Edwards' parents, Mr. and Mrs. John Eversman, at the Hawkeye ranch Sunday.

The rain that fell on Friday evening put a stop to threshing operations Saturday. But today, Monday, what machines are left are in full swing.

We learn that Dave Bertrand of the Brant district and Miss Chapman of Calgary were quietly married on October 17 and are spending their honeymoon at Banff. The writer joins with Mr. Bertrand's many friends in wishing Mr. and Mrs. Bertrand much joy and happiness through life.

It was decided Sunday evening by a vote to hold church services at the Brant community church at 11 a.m. and Sunday school at 10 a.m. We hope everybody will take an interest and come to Sunday school and church. We expect to see the little church crowded with interested people next Sunday.

A number of the Brant young people attended the dance held at Frankburg for the benefit of Mrs. Jack Pettifer. It is reported a good crowd was in attendance and a reasonable sum was realized. It is understood Mrs. Pettifer and infant son will go back to England, where they have relatives.

REID HILL NEWS

A harvest home supper and program will be held in Reid Hill church on Monday, November 6th. Supper from 6 to 8, followed by a good program. Admission, adults 50 cents.

Reid Hill Women's Institute will meet at the home of Mrs. Gordon McKay on November 1st. Mrs. J. C. Beaubier, of Champion, will deliver an address. Members of Champion W. I. and Berrywater U. F. W. A. will be guests at this meeting.

The suggestion has been made that a suitable punishment to convicted bootleggers would be besides the present penalty that they be made to drink a draught of their own home brew. We believe the suggestion is being seriously considered by the Alberta Liquor Act officials.

THE SCHOOL FAIR

The fourth annual school fair of the rural municipality of Marquis was as great a success as ever. There were not as many exhibits nor perhaps so large a crowd, but the high class of the entries was maintained and excelled in some cases those of previous years.

The shield was won by Berrywater School District by a large majority. This is the third year this school has won the shield, which entitles them to keep it and they have deservedly won the many congratulations of the district.

The highest number of points won by any single contestant is given to the school fair committee has arranged to hold a meeting in Lake McGregor school November 4, Saturday evening, to conclude the year's business. Anyone interested will be welcome.

Following is a list of prize winners at the Marquis school fair:

Garden Produce
Potatoes—J. Taggart, Melvin Johnson, Wilbur Monner.

Beets—Helen Rogers, Dorothy Mallot, Raymond McCarthy.

Carrots—Helen Burk, Clara Johnson, Kenneth McLean.

Parsnips—Eldon Miller, Marjory Hoffman, Joseph Moged.

Peas—Sadie Shatto, Winnie Wainwright, Katherine Jackson.

Turnips—Johna Lemer, Eldon Miller, W. Mallot.

Mangels—John Warner, Helen Burk, Leroy Peterson.

Cabbage—Winnie Wainwright, Lloyd Peterson, Gladys Soli.

Flowers—Helen Burk, Nora Wainwright, Flo Wainwright.

Grains
Sheaf wheat—Helen Burk, Arthur Peterson, Joseph Moged.

Sheaf oats—Helen Burk, Lloyd Peterson, Delos Burk.

Sheaf barley—Helen Burk, Nels Peterson, Lillian Cockwell.

Sheaf rye—Helen Burk.

Sheaf sunflowers—Curtis Burk, Helen Burk, Wilbur Payne.

Wheat threshed—J. Bushel, Lawrence Monner, Delos Burk.

Oats threshed—Walter McCarthy, Downey Walker, Billie McCabe.

Barley—Helen Burk, Lillian Cockwell.

Rye—Wm. Mallot, Helen Burk.

Live Stock
Best steer or heifer—Violet Moged, Joseph Moged, Harold Shore.

Dairy heifer—Donald Brinker, A. Peterson, Raymond Voys.

Pigs, bacon—J. Bushel, Roy Page. Pigs, medium—B. Beckner.

Colt—Nellie Douglas, Marjory Shore, Jean Roebertson.

Lamb—Annie Johnson.

Chickens—R. I. Reds: Winnie Wainwright; Barred Rocks: Dorothy Beckner, Helen Burk, Nellie Douglas.

Egg type—A. Peterson, Nellie Douglas, Gilbert Voys.

Best cockerel—Nellie Douglas, Winnie Wainwright, Clinton Beckner.

Best pullet—Winnie Wainwright, Helen Burk, Lena Bushel.

Cooking
Drop cookies—Louise Zimmerman, Nellie Douglas, D. Bushel.

Butterscotch—Nora Wainwright, Agnes Vinge, Flo Wainwright.

Doughnuts—W. Wainwright, Dorothy Beagle, F. Malcomb.

Candy—Winnie Wainwright.

Bread—Violet Moged, Lillian Cockwell.

Two jars fruit—Floyd Stuart, Olive Carr, Willie Douglas.

Two jars vegetables—Olive Carr, Myrtle Carr, Beverly Base.

Two jars meat—Nellie Douglas, Floyd Stuart, Myrtle Carr.

Bread—Gladys Soli, Elizabeth Glambek, Helen Burk.

Baked beans—Nellie Douglas.

Ginger snaps—Gladys Soli, Geo. Howell, Olive Carr.

School lunch—N. Douglas, Beverly Base, Maclyn Allen.

Hanging plant—Winnie Wainwright, Olive Robson, Clara Morseth.

Flowering plant—Rosy Morseth, Gladys Rogers, Olive Robson.

Sewing
Article from flour sack—Elizabeth Glambek, Gertrude Northcott, L. Cockwell.

Thrift problem—Gertrude Northcott, Beverly Base, Nellie Douglas.

Dress (machine made)—Beatrice Sefton, Rosy Morseth, Olive Carr.

Collection fancy work—Mauda Nelson, Ione Peterson, Josie Johnson.

Button holes—Dora Zimmerman, Decima Zimmerman, Lloyd Herman.

Embroidery—Winnie Wainwright, Nora Wainwright, Flo Wainwright.

Knitting—Dora Zimmerman, Johanna Denens, W. Wainwright.

Crocheting—Beatrice Sifton, W. Wainwright, Edith Robinson.

Art
52. Crayon drawing—Olive Robson, Donald Forde, Arthur Peterson.

53. Crayon drawing—Jean Robertson.

54. Landscape—Louise Zimmerman, Decima Zimmerman, N. Douglas.

55. Pencil drawing—Lloyd Herman, Willa Robson, Arthur Carr.

56. Calendar—Harold Shore, Willie Robson, Dora Zimmerman.

57. Lettering—Myrtle Carr, Arthur Carr, Beverly Base.

58. Poster—Lloyd Herman, Beverly Base, Myrtle Carr.

59. Advertisement—Myrtle Carr, Beverly Base, Olive Carr.

60. Book cover—Beverly Base, Rosy Morseth, Marguerite Jackson.

61. Landscape—Curtis Burk, Chester Burk, Myrtle Carr.

62. Sketch—Olive Carr, Carrol Walker, Myrtle Carr.

63. Ideal plan of farm buildings—

Lela Walker, Amy Lyle, Beverly Base.

Manual Art
64. Bird house—Maclyn Allen.

65. Foot stool—Willie Robson, Joe Robson, Chester Burk.

66. Milking stool—Archie Taggart, Joe Robson, Earland Anderson.

68. Model of farm gate, wood—Raymond Voys, Earland Anderson, Harlow Allen.

69. Raffle—Dora Zimmerman, Olive Robson, Marguerite Thomas.

70. Woven article—Clara Morseth, Willa Carr, Frances McCord.

71. Plasticine—Dora Zimmerman, Olive Robson, Joe Robson.

72. Plasticine—Dora Zimmerman, Anton Denens, Willa Carr.

73. Paper folding—Archie Taggart, Mary Hoffman, El Zimmerman.

74. Paper cutting—L. Zimmerman, Dora Zimmerman, Nellie Douglas.

75. Alberta—Willie Robson, Dora Zimmerman, H. Malcomb.

76. Canada—Olive Carr, Myrtle Carr, Beverly Base.

Writing and Composition
77. Grade 1—Olive Robson, John Warner, Joe Robson.

78. Grade 2—Olive Robson, Willa Carr, Dora Zimmerman.

79. Grade 3—Lola Armery, Irene Shatto, Ruth Northcott.

80. Grade 4—Johanna Denens, Gladys Rogers, Clara Morseth.

81. Grade 5—Esther Shatto, Ragna Thompson, Ruth Gaest.

82. Grades 6 and 7—Gladys Bennett, Rosy Morseth, Edith Robinson.

83. Grade 8—Business letter—Mauda Nelson, Olive Carr, M. Carr.

84. Neatest school note books, grade 5 and under—Dora Zimmerman, Willa Carr, Nellie Douglas.

85. Neatest set school note books, grades 6, 7 and 8—Beverly Base, Edith Robinson, Myrtle Carr.

86. Original story—Edith Robinson, Esther Shatto, Theta Armery.

87. Composition—Myrtle Carr, Beverly Base, Willie Burk.

88. High school essay—Lela Irwin, Lela Walker, Reatha Rensberger.

Public speaking: Grades—Hazel North, Beverly Base. High school—Reatha Rensberger, Lela Walker.

School Competitions
Collection insects—Berrywater Lake, McGregor, Eastway.

Collection wild flowers—Berrywater, Eastway.

Collection natural grasses—Berrywater.

Collection noxious weeds—Kirkdale, Berrywater, Lake McGregor.

Collection gopher tails—Berrywater, Kirkdale, Eastway.

School banner or pennant—Berrywater, Kirkdale, Lake McGregor.

Sports
Running broad jump: 12 years and under—Gordon Mohoney, Chas. Northcott, Chester Burk.

14 years and under—Wilbur Payne, Joseph Burger, Earland Anderson.

Open class—Willie Burk, Herman Hoerle, Maxwell Miller.

Hop, step and jump: 12 years and under—Chester Burk, Earnest Norton, Frances Mason.

14 years and under—Wilbur Payne, Joseph Burger, Chas. Northcott.

Open class—Willie Burk, Lawrence Monner, Clarence Brubaker.

Boys' 50-yard dash, 8 years and under—Paul Mohoney, John Warner, W. Mallot.

Girls' 50-yard dash, 8 years and under—Willa Carr, Florence Norton, Olive Robson.

COMMUNICATION

To the Editor of The Advocate:

In looking over the columns of your paper relating to our wonderful school fair, there seems to be no special mention made of the hot tea and coffee served by the committee on that day. I would just like to take this opportunity to thank the committee for their thoughtfulness. It was a chilly day and the hot coffee certainly helped along the otherwise cold lunch business. I know it was appreciated by lots and lots of the country parents, by the questions asked that day and by the blessings that were bestowed on the heads of those who were responsible for this pleasure.

COUNTRY PARENT.

BOOTLEGGERS

The sections of Norway which were strong for prohibition in the recent referendum, and which was defeated, were the seacoast towns where the people had visions of getting rich in the bootlegging business, remarks the editor of Saturday Night, and in connection with the situation in B. C. the same paper declares that British Columbia bootleggers are organizing a campaign for the purpose of "drying" up that province, their business having been ruined by the present regulations.

Exide

MADE IN CANADA

BATTERIES

If you don't feel warranted in buying a new Exide Battery at this time, ask our nearest Service Station—before you consider getting a substitute make of battery—whether your present battery cannot be rebuilt with genuine Exide parts.

Go to an Official Exide Service Station for Winter Storage—it will pay you.

Exide Batteries of Canada, Limited

153 Dufferin Street
Toronto

Prepare for Winter

Our Stock is now complete with a full line for the fall requirements. Our special purchases while East, coupled with our expenses here, put us in a position where we are able to compete and sell lower than any city prices. Give the home merchants the preference if prices are as low or lower at home, where near all have been given accommodation at some time or other. We are prepared to meet any competition and in many cases sell lower

Ladies' Fall Coats

WHEN WINTER COMES

The New York Herald offers the
following prediction of when the winter
season will begin and why:

"This year the winter season will
begin in most places by November 6.
Tracing along the earth's path ahead
of the advancing earth through the
very cool fall season to find a locality
where the earth will be forced out-
ward from the sun to a sufficient ex-

tent to cause wintry spells to begin
we find that the brightest planet,
Venus, above the sunset in the south-
western sky, will be moving directly
toward the earth at 4 o'clock in the
afternoon November 4.

"The repelling force of the advanc-
ing Venus will be sufficient to bump
the earth outward from the sun and
start increased rainfall and wintry
spells of weather in most places by
November 6."

RED CROSS DRIVE

For the second successive year a
Junior Membership Campaign will be
held in connection with the Red Cross
drive, which is to take place this year
from November 5 to 11. In June,
1921, the Junior Red Cross decided to
stage a campaign for membership in
order to raise sufficient funds to open
a hospital for unfortunate children of
the province; those whose parents
were not in a position to give them
the treatment they needed.

At that time 13,500 junior members
were enrolled in the province and in
May of this year the Junior Red
Cross hospital was opened in Calgary.
This year an objective of 40,000 junior
members has been set and if this
number is enrolled it will be possible
to operate this institution at full
capacity for another year. Each child
who joins the Red Cross will only have
to pay a fee of 25 cents and every cent
raised will go to the upkeep of the
hospital. None of this money will be
taken for administration or other ex-
penses.

The hospital has room to accommo-
date 38 patients at one time and it
has been filled to capacity almost
every day since it was first opened.
This is the only children's hospital in
Canada which is supported altogether
by children.

Every few days a patient comes out
and returns to its parents cured and
a new one comes in to take its place.
It must not be forgotten that the
parents of the children who are given
treatment at this institution are un-
able to pay for it, and so the junior
members are doing a work which
otherwise would be left undone.

All children who are at present
members of the junior organization
are asked to bring in at least two
more members during the membership
campaign.

FOR NEW MARKETS

"I am not going to Australia to
tell Australians that we expect to sell
everything to them and buy nothing
in return," said Hon. J. A. Robb, fed-
eral minister of trade and commerce,
at Vancouver recently, addressing the
Vancouver board of trade on the eve of
his departure to the Antipodes on an
official mission from this country. "In
Australia," he added, "I hope to make
a fair bargain which will result not
only in greater sales for Canada but
in an increase of purchases from Aus-
tralia. In doing so we shall follow a
policy of greatest value to the whole
empire."

Mr. Robb repeated his assertion that
the Dominion government has no
quarrel with the United States over
the recent raising of the tariff wall
between the two countries. But it
would compel Canada to look for new
markets and to give preference to
those who give preference to Canada,
he pointed out.

And in this connection Canada will
get along very nicely with railway
and ocean freight rates reduced to a
pre-war basis and the embargo re-
moved from Canadian cattle entirely.
Great Britain removed conditions
should improve the coming year.

PROVINCIAL POLICE

The strength of the force, as at the
end of December, was 9 officers, 176
noncommissioned officers and men,
65 horses, 16 automobiles, 2 power
boats, 7 bloodhounds.

In criminal offences there were
6,851 cases entered, 123 awaiting trial,
with 5,719 convictions obtained, giv-
ing a percentage of 85 in convictions.

The total number of prisoners han-
dled by the force during the year was
3,491.

The number of cases against wom-
en was 81, an increase on the previ-
ous year. Thirty-four convictions were
obtained. Forty were either with-
drawn or dismissed, and there were
seven awaiting trial.

Offences against property, ordinary
thefts, accounts for 600 cases entered,
against 624 in 1920, a decrease of 24
cases. Four hundred and forty-four
convictions were obtained, 130 cases
were withdrawn or dismissed, and
there were 26 awaiting trial.

There were 83 cases of horse and
cattle stealing entered this year, 40
convictions obtained, eight cases dis-
missed, and six important cases
awaiting trial, an increase of four
cases on 1920.

During the year the force handled
281 insane persons—91 females and
190 males.

There were 1,362 cases entered un-
der the Liquor Act and 1,266 con-
victions obtained, 95 dismissals and with-
drawals, and one case awaiting trial.
The special liquor squad accounted
for 291 cases, obtaining 264 con-
victions, 1,071 cases were handled by the
uniform members of the force, and
1,002 convictions obtained. This shows
a decrease of 177 cases handled by
this force as compared with 1920. The
decrease is due to the fact that after
February, 1921, the different city
police bodies handled the Liquor Act
cases in the cities.

SEED GRAIN EXHIBIT

The department of agriculture and
the faculty of agriculture of the Uni-
versity of Alberta have arranged to
have an exhibit of Alberta seed grain
shown at the Chicago International
Exposition which will be held Decem-
ber 2nd to 9th.

The grains for exhibit will be col-
lected at three points in the province,
and those desiring to enter should
send their grain to one of the follow-
ing: Prof. Cutler, faculty of agricul-
ture, University of Alberta, Edmon-
ton G. M. Stewart, dominion seed
branch, Calgary, or Don Bark, C.P.R.
irrigation, Brooks. The grains will be
examined and selections made of those
best fitted to enter the competitions.
Parties sending grain to the above ad-
dresses should also write to Prof. Cut-
ler advising him of the classes in
which they desire to have their exhibit
entered.

The shipment of the selected grain
to Chicago, the passing of the U. S.
customs, and the placing of the ex-
hibits at the show will be looked after,
and the department of agriculture will
pay the express charges to Chicago.
If any of the exhibitors desire the
samples returned, this would be done
at the exhibitor's expense. A circular
has been prepared at the University
of Alberta, outlining the requirements
necessary for the preparation of seed
for the exhibit. The circular has
been mailed to members of the Re-
gistered Seed Growers' association, but
it can be obtained by any prospective
exhibitor by applying to Prof. Cutler,
University of Alberta, Edmonton.

SHORTAGE IN WHEAT

The Chicago Tribune of October
17th published an article regarding
the shortage of 350,000,000 bushels of
bread grain which is claimed for Eu-
rope this year, of which 250,000,000
bushels is wheat and 100,000,000 rye.
This means that Europe will have to
buy grains from North America and
other surplus producing countries to
a greater extent than expected earlier
in the season.

This fact should result in the price
of grain going up to at least the \$1.25
mark, which will give our farmers a
price that will recompense them for
their work. Farmers should hold their
grain for future delivery.

Lloyd George may not be any good,
but there is no one available in Brit-
ain to take his place.

SAFETY FIRST

In the city of Toronto there has
been organized a Safe Drivers' club
which is performing an invaluable
service by bringing to the mind of
the general motoring public the ne-
cessity of employing proper precau-
tions to prevent needless accidents.
Here in the west an organization such
as this should be formed for a small
percentage of drivers at least are
reckless in their driving, particularly
on country roads. Here are a few of
the safety rules which have been ad-
vocated by the Ontario Motor league:

1. When a man in the wrong is-
sists on the right-of-way, let him have
it. You can't argue with a fool.
2. Get the hand signal habit. It
protects you as well as others.
3. When the man behind wants to
pass, slow down and draw over. It's
safer to have him speeding ahead of
you than alongside you.
4. Don't dash by street cars as
they are about to stop.
5. Don't try to pass the car ahead
when another is approaching from the
opposite direction.
6. Slow down and keep to the
right as you come to the crest of a
hill.
7. Don't dispute the crossing with
a railroad train. What's the hurry?
8. Think of the other road users
when you have to splash through mud
or water.
9. Remember that the pedestrian
at the crossing has a right to cross.
10. Don't drive perkily. It keeps
the man behind you worried.
11. When your brakes aren't work-
ing the time to get them fixed is now.
12. If you forget the rules of the
road you can safely fall back on the
golden rule.

WILL TAKE A VOTE

Hugh S. Parker of Carmangay has
been named by the board of trustees
as returning officer for the vote to be
taken on the bonding of the Little
Bow Irrigation District. The vote will
be taken November 7, one polling sta-
tion only, The Carmangay town hall,
being designated. The amount of the
proposed bond issue is \$26,000, de-
tails of the proposed work having
been published in the local paper. The
poll will be open from 9 o'clock in the
morning until 5 o'clock in the after-
noon.

The uses to which the \$26,000 will
be put are the defraying of the ex-
penses connected with the formation
of the district, the construction of the
works, estimated at \$37,000, and de-
benture and operation costs. The pro-
vincial government, through an ar-
rangement entered into last Thursday,
agrees to pay to the district \$18,000
in consideration of the right to per-
manently divert a certain amount of
water from the Highwood to the Lit-
tle Bow river, through the works of
the new district.

E. J. Fream, commissioner of the
drought relief act, has been appoint-
ed to the Alberta public utilities com-
mission. Mr. Fream's appointment is
to fill the vacancy created when F. M.
Black moved to Winnipeg about three
years ago, and which has been left
open ever since. Mr. Fream will as-
sume his new position on December
1st. He has resigned as secretary of
the U.G.G. Co. in Alberta, from which
position he secured leave of absence
to administer the drought relief act,
and his resignation has been accepted.
